10 Years Defending Hospices in Audits and Investigations

What we learned and what the future holds

Despite COVID-19, Medicare and Medicaid audits continue in full force. In this presentation, experienced hospice defense attorneys will discuss the current state of hospice audits, discuss lessons learned over 10 years of hospice audit defense, and changes that can be expected in the future with the expansion of Medicare Advantage plans.

- Understanding the current state of Medicare and Medicaid hospice audits
- Identifying and implementing strategies to mitigate audit risk
- Preparing for new audit focus areas and emerging audit trends
